Welcome

The Arlington Recreation Dept. welcomes your preschooler to join us for Kid Care Preschool where we will offer many activities for your child ages 2.9 - 5 years old.

The classroom has a dramatic play area, sensory table, a large art area and a cozy book area. It is also equipped with large and small blocks, manipulatives and games. We have a large space for indoor gross motor activities as well as a large outdoor space with access to a playground. Also included one day a week, will be a gymnastics class taught by Tanya Dall., and a Spanish class once per week.

STRUCTURE, FUN & DEVELOPMENT

Teachers will support your child's natural curiosity by creating an environment that encourages children's artistic, scientific, sensory, verbal and written expression. Children will construct knowledge and an understanding of their world by using open-ended materials, participating in hands-on activities, and interacting with classmates and teachers. This developmental approach celebrates individuality, self-expression and creativity while fostering relationships with other children. This is all done in a structured, safe and welcoming environment.

"I am looking forward to working with you and your children!"

Thank you.
